15:30 – 16:00 – coffee-break

16:00 – 16:45 – S5

16:45 – 17:30 - S6

Both classic phenomenologists and contemporary cognitive scientists have argued that right from the outset our experiential life is characterized by a primitive form of self-consciousness.

This workshop aims to examine the role of affect-based relations in constituting self-consciousness and perceptual experience, and to explore potential ways of addressing the debate between minimal versus relational theories of self-consciousness.

Organisers: ANNA CIAUNICA, SOFIA MIGUENS & MARKUS WILD
